Together Towards Excellence

Kindness, Curiosity, Commitment

Hello and welcome back!

We are very excited about the upcoming term and wanted to share some key information about what we'll be doing.

We are looking forward to a visit from author Rachel Chivers Choo on Monday 27th February. She will be sharing her debut book *The Wishkeeper's Apprentice*. If you would like to purchase a signed copy of her book for your child please use the link below:

<https://maxminervas.co.uk/products/the-wishkeepers-apprentice-by-rachel-chivers-khoo-st-werburghs-junior-school-discount>

In English, we are planning and writing a speech to perform in City Hall entitled 'What would I change about Bristol?'. We will visit City Hall to perform our speech. After that, we will write explanatory texts about the digestive system.

We will read the book 'Wind in the Willows' by Kenneth Grahame and use our reading lessons to develop our comprehension skills. In maths we are learning about negative numbers, fractions and decimals. We will also be finding out about length and perimeter.

Our science topic is food chains! In lessons we will explore food chains and create our own.

Year 4 will still be having swimming lessons on Mondays – just a reminder that this continues until Easter. We are incredibly proud of the progress the children have been making.

We will be having PE lessons on Monday afternoons. The children will need to come to school in their PE kits on Monday. They will be having gymnastics with Bristol Sport.

Please remember to read with your child at least 3 times a week. As always, thank you for all your support! Please catch us at the door with any questions you might have, or email the main school office for general enquiries. We are looking forward to seeing you at parents evening on 14th or 23rd March.

The Year 4 team
